READY FOR USE

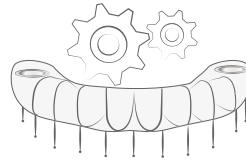

Digital communication platform for dental laboratories and implantologists

1. scan / files
upload to the extended
workbench

2. planning & construction
by the certified
partners

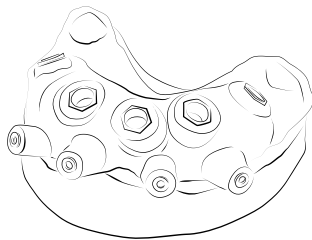

3. production
of patient-specific
components

4. implantation and insertion -
everything included in
the delivered package

Package 1

Implant planning and Drilling template

Included in the package:

- 3D implant planning proposal
- SKY pro guide drilling template
- Selected implant(s)

Package 2

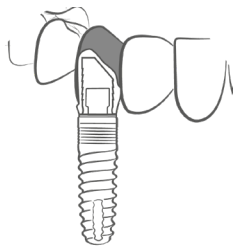

Single tooth custom abutment

Included in the package:

- Design and fabrication based on transmitted STL or
- Fabrication based on transmitted design file
- Indiv. abutment (BioHPP or titanium)

Package 3

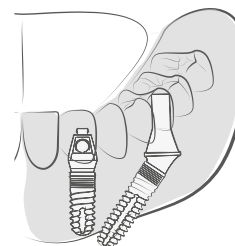

Single tooth Temporary complete restoration with SKY

Included in the package:

- 3D implant planning proposal
- Indiv. abutment
- SKY pro guide drilling template
- Temporary PMMA crown
- Selected implant(s)

Package 4

with SKY fast & fixed

Full arch Temporary immediate restoration

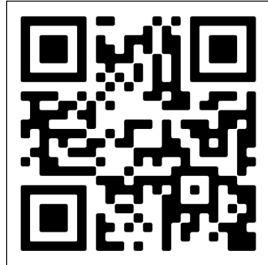

Included in the package:

- 3D implant planning proposal
- Selected implants
- SKY pro guide drilling template
- Prosthetic copings
- abutments
- Temporary PMMA bridge
- (fast & fixed or uni.cone)
